

## **Silver Membership**

Friends, as you are aware that with the advent of Direct Plans & Robo advisors powered by AI & technology, Penetration of Mutual funds are only going to increase further. We, as an individual may not be able to compete with them to have sustainable business model & survive. But, as a team we can not only survive but thrive also. With concept of **Team & Technology**, We, as a first mover again, are coming up with **Silver Membership**

In a time of Cut throat competition now it has become very necessary to have proper and enough Data, Knowledge and information as and when required. We all might be part of various social media groups to acquire such Data, Knowledge and Information. Lot of data and information are getting shared, but how to manage all these data correctly, it is a very big problem.... Tell me one thing....

**Do we find such Data when we really need it?  
Do we find it easily even though we have it?  
Finally we compromise and move forward, isn't....?**
